

The Changing Age

Girls and boys from 12 to 19 years of age undergo physical changes which tax their strength to the utmost and the strain is always apparent from pale cheeks, colorless lips, and tired bodies—sometimes eruptions of the skin and the utter lack of the ambition and animation with which their younger years were filled.

Budding into womanhood and manhood, with the duties of school or business, demands concentrated nourishment which is readily convertible into red blood corpuscles, energy and strength, and the very best thing for this changing age is the medical nutrient in Scott's Emulsion—it possesses the rare blood-making properties of cod liver oil in a predigested form; hypophosphites for the nervous system, with the healing, soothing qualities of pure glycerine.

Its nourishing force promotes assimilation, yields direct returns in abundant, red blood, fills hollow cheeks, tones the nerves, makes all good food do good, and does it in a natural easy manner.

The sustaining nourishment in Scott's Emulsion is so helpful to this changing age that it should never be neglected—every druggist has it.

12-112 Scott & Borne, Bloomfield, N. J.

POQUONOC

Saturday afternoon at 6 o'clock the marriage of William E. Fletcher and Miss Bessie I. Gottschalk, both of Poquonoc, took place at the home of Rev. D. O. E. in the West Nyack. The young couple gave a surprise to their friends, as not even the members of the two families expected the event for some time. Mr. and Mrs. Fletcher went immediately to New York City where they will make their home in Groton, where Mr. Fletcher is employed in the plant of the ship and engine company.

Miss Mary Strang was seen secured as soloist for the musical which the Groton Choral Union will present.

The second test well at the pumping station has been abandoned for a time. The pipe, a two-inch one, was too small for the rock soil encountered.

Fairview lodge, L. O. E. worked the second degree on a class of new candidates Monday evening.

O. C. Weeks has been suffering from a severe grip.

Alice Haggerty is recovering from an illness at her home on the north road.

Miss Mary Lane of Hazel Brook is in Mr. J. C. Burt's for some time.

The foundation for a house for Mr. and Mrs. J. P. Burgo is being built on the south road.

Mr. and Mrs. J. H. Clarke of New London have moved into the new cottage recently completed by Henry Trail.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. I tried but did not want it. Finally I got hold of something called MURSTOLE. It completely cured me. Years have passed and the rupture has never returned. I am doing hard work as a carpenter. There was no operation, no loss of time, no pain, no expense. I can tell you how you can get a complete cure without operation. If you write to me, Eugene E. Pullen, Carpenter, 1235 Marcellus Avenue, Manhattan, N. Y., I will tell you all about it. I will tell you how you can get a complete cure without operation. I will tell you how you can get a complete cure without operation.

Auto Repairing and Painting

We repair autos of all kinds in the proper manner.

Latest Improved Facilities make our shop unequalled in New England.

We make the paint on, which makes it wear better, keep its gloss longer, and will not crack.

Why not have yours done right? It costs no more.

Bentley-Clarke Auto Co.

Don't Fuss With Mustard Plasters!

There's no sense in mixing up a mess of mustard, flour and water and getting everything all muddled up when you can so easily relieve that pain or soreness with a little clean, white MURSTOLE. MURSTOLE is made of pure oil of mustard and other helpful ingredients, combined in the proper proportions, and it takes the place of the one-of-a-kind mustard plaster, and will not blister!

MURSTOLE gives instant relief from Rheumatism, Bronchitis, "Emphysema,"

It's Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Fluency, Rheumatism, Lumbago, Pains and Aches of the Back and Joints, Sprains, Sore Muscles, Bruises, Chills, and Frosted Feet. Colds of the Chest (it prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50.

If your druggist cannot supply you, send 25c or 50c to the MURSTOLE Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid.

Miss C. Bloodinghizer, Nurse, Washington, Pa., says: "Have used MURSTOLE on patients and consider it fine."

MATTERS INTERESTING WESTERLY

Funerals On Monday—Chimney Fires—Address By Rev. F. C. A. Jones Before Ministerial Association.

Funeral services for Albertus Willcox were held Monday morning at the residence of his brother, Charles D. Willcox in West street, being conducted by Rev. J. W. Ford, pastor of the First Baptist church. In respect to the memory of the deceased work was suspended at the Smith Granite works where he was for many years employed and nearly all the employees as well as officers of the company attended the funeral. Burial was at River Road. The bearers were Dr. Samuel C. Webster, William Norman, Daniel and Everett Fitzgerald.

A delegation of schoolmates from the West Broad Street school attended the funeral of William E. Herold, the thirteen year old son of James and Waitstill Herold, at the home of his parents in Pawcatuck. Monday morning. The funeral service, the body was taken to Montville for burial. Among the floral tributes was a large bunch from the pupils of the West Broad Street school.

Albertus Mason, for many years foreman of the foundry at the plant of the C. B. Cottrell and Sons company, was buried Monday afternoon at River Road in accordance with the Masonic ritual. Funeral services were conducted at his home in Greenfield avenue by Rev. William J. Mason, pastor of the First Baptist church. The members attending the funeral, including the workmen to New York City, were closed for the day in order that the employees of the department could attend the funeral. Officers of the Cottrell company, of which the deceased was for many years a valuable employee, were also present. The bearers, including the Masonic bodies, were Thomas McKenzie, Denison C. Hinkley, Abel P. Randall, Charles H. Potter, Albert H. Spicer and Archie C. Thompson.

Police Constable Donohue, of the White Rock section, the most active and competent member of the auxiliary police force of the town of Westerly, who performed the duties of the full satisfaction of the White Rock mill management and to the police station, with a single exception, has been retired from active police duty, in so far as making arrests for intoxication goes. As a consequence there is a falling off in arrests in the records of the department in the intoxication column. Officer Donohue made a large proportion in the number of arrests and his work was commended by the police authorities.

In the course of his line of duty he was called upon to arrest a deserter from the United States army, a few months ago, and turned the prisoner over to the Pawcatuck authorities, believing he was doing what was proper in the premises, under the conditions that existed, especially as he had the approval of a member of the regular force.

This act was disapproved by Chief of Police Brown, who claimed that prisoners taken into custody by special policemen of the town of Westerly should be delivered to the Western police station and not to a Connecticut police officer. Chief Brown called the incident to the attention of the police board, which is the committee of the whole on police department matters. Special Officer Donohue was called for investigation. The result was the passage of a vote by the council to the effect that all arrests made by officers of the Western Police department, regular or special, must be reported to the chief of police and prisoners delivered to the Western station.

While no repentance or censure was made by the council against Mr. Donohue from that time his activity has ceased and he has made no arrests. It is understood that he still preserves order on the mill property and that his warnings to offenders is equivalent to arrest, and precaution in bringing about the desired result.

Memorial services are to be held

its, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Fluency, Rheumatism, Lumbago, Pains and Aches of the Back and Joints, Sprains, Sore Muscles, Bruises, Chills, and Frosted Feet. Colds of the Chest (it prevents Pneumonia).
